## Concord Lodge Association of Ottawa

Supporting Christian Scientists  
in Eastern Ontario

## Who we are:

The Concord Lodge Association of Ottawa was established in 1967. It provides a **Visiting Nurse Service** to ensure that a Christian Science Nurse is available around the clock for Christian Scientists in the eastern Ontario region. It also provides **Financial Assistance** to Christian Scientists for nursing and practitioner fees, as well as for housing and other needs. The Association has a Board of Directors elected from its membership that meets regularly to manage day-to-day affairs, and handle requests for financial assistance in confidence.

## Visiting Nurse Service

While relying on prayer for healing, sometimes there is a practical need. A Christian Science nurse can assist with such practical needs while supporting the healing environment with clarity of thought and encouragement. The Nurse is available seven days a week and can skillfully assist with tasks such as:

- Bandaging, wound and injury care
- Regular bathing
- Preparing meals and feeding
- Providing advice on mobility aids

The Nurse is able to advise on all aspects of care for those relying on Christian Science for healing. The Nurse can also provide information on community services available in the Ottawa area to assist with household tasks such as meal preparation and cleaning.

The Nurse works independently and patients are invoiced directly for nursing services. All contact with the nurse is completely confidential.

You may contact the nurse by telephone or email at any time.

 (613) 747-7415

## Housing and Other Assistance

The Association can provide financial assistance for:

- nursing and practitioner fees
- a short-term stay at a Christian Science facility
- appropriate solutions for individual needs in regard to housing – for example contacts for professional financial and real estate services and a volunteer to help individuals investigate accommodation options.
- transportation to and from church and church activities
- other needs that may arise

Requests for financial assistance should be made directly to the Board, or via the Nurse or Practitioner, as appropriate. The Board prefers to provide one-time payments for specific items rather than ongoing subsidies. Verification of financial need may be requested for extended assistance.

The Board is open to creative solutions for your needs!
